Negative Frame Slideshow for Premiere Pro VH-53645622:

The "Negative Frame Slideshow" template for Premiere Pro offers a nostalgic, vintage design that mimics an old film strip, complete with stylized text and light leaks.

Ideal for photo galleries, wedding videos, historical presentations, and more, it allows easy customization with media placeholders, editable text, and full-color controls.

This template, compatible with Premiere Pro 2021 and above, adds a retro, grunge aesthetic to your projects, making them stand out with a unique, timeless look.
