Illustration Improv: Loosen Up and Find Your Weirdest Ideas: Learn to create more original, creative, and sometimes bizarre illustrations in this engaging project-based class taught by an award-winning illustrator and top Teacher, Mr. Tom Froese!

Through this course, you'll be taught how to conquer the two most annoying issues: self-doubt! Utilizing simple and (sometimes even odd) forms, it's enjoyable and straightforward to create very bizarre but highly imaginative concepts. If you've wondered what (and what the heck!?) illustrators come up with creative ideas, this class will give you some insight.

Who This Class is For

- Anyone looking for ways to generate concepts and ideas to be more imaginative in their work!
- It's geared specifically towards illustrators but enjoyable and simple enough for anyone!
- Tom is passionate about helping people tap into their creative potential, regardless of what they're doing or who they do for money!

What You'll Learn

- How can I find more original IDEAS
- How do you make your drawing look more attractive with your drawing
- How do I BREAK free from REALISM
- How to OVERCOME CREATIVE BLOCK and SELF DOUBT
- Making Illustrations from ROUGH Final
- Deep insights into the process of Tom's illustration!

Minimum Required Skills and Experience

- No unique or previous experience required
- Sketching/Plain Paper
- Pencil and Eraser
- Tracing Paper or Light Table
- Favorite drawing instruments (physical or digital!)

About Tom's Tools (Recommended)

- iPad Pro with Apple Pencil
- Procreate for Sketching
- Photoshop on iMac for Final Illustration
- Astropad to make use of iPad as a graphics tablet to work with his Mac

You do not need any prior experience to learn this course, and don't require the latest tools. While Tom will be using Procreate for sketching and Photoshop to create final illustrations, It is possible to take this class with pen and paper effortlessly. Bring whatever you enjoy working with or what you have at hand so that the excitement can begin! Of course, you'll be the most successful in this class if you know the basics of drawing tools, but that's an option.
