Analogica Lab - 16mm Fuji LUT:

Professional colorist from Italy, Analogica, brings forth film emulation LUTs like no other. These handcrafted LUTs are built with the idea of transforming your digital creations into vintage masterpieces.

Intended for photographers, videographers, and all creators alike, these allow emulation of the shadows, nostalgic tones, and cinematic feel reminiscent of classic analog films such as Fuji, Kodak, Cine Film Stock, and Vision3.

- **Compatibility:** Functions with various digital software such as Adobe Premiere, Final Cut Pro, DaVinci Resolve, Photoshop, Lightroom and the list goes on.
- **Ease of use:** These LUTs can be applied with a single click while allowing modifications to color temperature, exposure, and contrast.
- **Versatility:** Works with LUTs for Universal LOG and Rec709. These are mainly made for graphics, camcorders, cameras, and other artwork.

Breathe timeless beauty into your projects and add authentic film aesthetics
