Halftone Lines Photo Effect CM - 7088111: Create stunning and imaginative images that can bring out the fire in your audience by using this retro effect for photos, employing halftone lines as the primary visual tool. The collection includes 8 color filters that are well-chosen palettes that are vintage-inspired. The lines are available in small and big dimensions, and within each, you'll see four different slopes of lines to access the full variety of editing options all contained in one source. Create stunning images for newsletters, social media branding, as well as other tasks.
