Franzis FOCUS #6 professional v6.13.04017 (Win):

FOCUS Projects 6 Professional is a powerful focus stacking software designed for macro photography, enabling users to create exceptionally sharp images from multiple shots with varying depths of field.

It offers advanced features like 300% more precise image alignment, a comprehensive RAW development module, focus peaking, and the ability to load focus stacks from videos.

The software supports up to 2,000 focus layers and provides batch processing for efficiency. It includes a plug-in for Adobe Lightroom Classic, enhancing workflow integration.

New tools such as selective drawing, a 3D lighting module, and an AI-enhanced RAW editor provide professional-grade control. The intuitive interface and professional presets simplify achieving sharp, detailed macros across various photography genres.
