High Definition Ambience Library.

Aural sonic heaven in the atmosphere. Space is a collection of high definition ambient recordings as well as a custom-designed background. This library of sounds is the ideal addition to your workflow or mood-inducing production. Utilizing only the top microphones, design techniques and tones, Space is a comprehensive collection of high-quality atmospheric. Although it is great in these genres, Sci-Fi as well as Horror, Spaces would also be suitable for many other instances where a normal sound system is needed. It is ideal for sound designers or musician who wants to enhance the mood and the soundscape of a space or an ambience Spaces can help in creating the primary layer of setting and the emotion.
