Musical Event Party Opener is a versatile, dynamic project suitable for various promotional videos, including fashion promos, nightclub parties, awards show openers, fashion shows, New Year parties, patriotic events, and other parties, dances, or festivals.

How to design a promotional video for your project in After Effects?

You can use "Musical Event Party Opener" to design advertising videos.

It can also serve as an invitation for events. Designed in a modular style, it allows easy addition, removal, or extension of segments. This project, which requires no plugins, features eight text placeholders and a logo placeholder. It is compatible with After Effects CC2019 and higher versions, supports Full HD resolution (1920×1080), and includes basic help for customization. Particle effects are pre-rendered and not editable. The audio track is not included, but font information is provided in the help file.

Package information

The Musical Event Party Opener, compatible with After Effects CC and including project files, was published and last updated on 20 June 2024, featuring 1 media placeholder and 8 text placeholders.
