Pix-Space – Astro – Astronomy Panel V6.0.1: Introducing Astro, the ultimate retouching plugin tailored for Astronomy Photography, seamlessly integrated with Adobe Photoshop. Curated explicitly for Cityscape, Nightscape, Milky Way, Startrail, and Deep Sky images, Astro empowers users to achieve retouching feats beyond the capabilities of Adobe Photoshop alone.

Unlock Possibilities: Astro Panel goes beyond the limits of Adobe Photoshop, offering functionalities that enhance the creative process for astrophotographers. Astro sets a new standard for efficiency and precision with features designed for merging images to create a captivating silk effect, crafting stunning star trails, and executing rapid deep sky stacking.

Revolutionary Alignment: Experience unparalleled accuracy and speed with Astro's Dual Pass alignment algorithm, a groundbreaking development tailored for star alignment. This innovation ensures precise alignment, even in intricate celestial compositions, surpassing the capabilities of standard alignment tools.

Nine Distinct Sections: Astro Panel is organized into nine distinct sections, each catering to specific retouching needs:

- Retouch: 34 Functions
- AI: 40 Functions
- Colour: 35 Functions
- Sky: 11 Functions
- Toning: 22 Functions
- Effects: 18 Functions
- Presets: 60 Functions
- Backdrops: 90 Functions
- Last: 33 Functions

Compatibility: Astro Panel seamlessly integrates with various versions of Adobe Photoshop, including:

- Photoshop 2018
- Photoshop CC
- Photoshop 2022

Versatile Systems: Astro Panel is compatible with a range of operating systems, ensuring accessibility for all users:

- Windows
- Mac
- Mac M1

Additional Functionalities: Explore beyond the essential sections with eight extra functions, offering a comprehensive toolkit for refining your astrophotography masterpieces.

Astro Panel redefines the retouching experience for astronomy enthusiasts, providing an array of functions that bring creativity to new heights. Enjoy a seamless workflow on Windows, Mac, and Mac M1, and let Astro Panel elevate your astrophotography editing game.
