ProBrand Reveal Volume 7 offers users a no-hassle solution to reveal any logo. It is easy to reveal any logo using distinctively styled shape masks using Final Cut Pro X. Every Preset animation comes with an option to revert the animation that lets users turn the animation around. There is motion blurred as well as non-motion blurred presets. Users will never be stuck in creating keyframes for animations again. Just click and drag one among the professionally animated 30 presets onto the timeline, and then just let ProBrand Reveal Volume 7 do all the work.
