Are you searching for trendy and stylish motion effects using After Effects instead of the same old ones? Ninthmotion has a gorgeous and stunning liquid motion pack, which includes numerous liquid motion graphics that can transform your boring project into a fun one. This motion elements pack is packed with smooth after-effects components with different designs. This style pack that has never been seen before contains approximately 200 AE elements, including liquid, bold line, motion doodle, sphere, and many more, carefully selected by our expert designers for you to ensure you never get bored of your ideas. Include after-effects liquid motion graphics into your projects as liquid motion effects and graphic animation elements that make your transitions and other elements smoother and error-free. Are you worried about your inability to master technical skills? The liquid-based motion package is a great solution using an intuitive interface with the aid of drag-and-drop functions. Add your favorite liquid splash elements using just one click to the project you have already created, adjust the elements to fit your needs, and then render it. Yay, you're done! It sounds like fun, doesn't it? Ninthmotion also offers you support specialists with quick responses so that you do not have to worry about any issues.

Unique characteristics of the Liquid Motion Pack from Ninthmotion include: Drag and drop user-friendly feature with smart search and preview. One-click to import onto timeline User-friendly extension Resizable resolution
