**Smashed Glass Effect for Posters Creativemarket 6689568:** Bring drama and elegance to your projects by using this elegant design of glass with a crack. Due to its noise and color distortion, the cracked glass provides realistic details for a trendy style. Make use of it today to show you're a fashionista!

Smashed Glass Effect for Posters is the ideal way to take your work one step. The real-life glass cracked effect is sure to impress any person who sees it, and it's customizable! Include some shattered pieces of the artboard to give it that added real-world look. The glass strike penetrates the artboard and does not damage it, resulting in a stunning reproduction of what appears to be broken glass. The details are created with distortion in color and some noises in areas in which the glass has been cut to make this look authentic.
