# Set Parent To Structure - aescripts + aeplugins v0.3 (WIN, MAC)

2025-02-10 17:12:59   label 我要反馈   下载页面

Layers that auto-link parent and child to the character Skeleton

- Do you make use of DUIK to build characters Skeletons?
- The most stressful aspect is to link the layers of children to the structure, one at a time.
- The Set Parent To Structure Program is now available!
- Auto parent-child layers added to a skeleton

This is the very first script I ever wrote. Prior to that, I didn't be able to write code.
