This product works it with Lightroom 4-6, Lightroom CC, and Lightroom Classic CC. Lightroom Presets can be used with RAW and JPEG images.

Presets Included:

- **MAL01** This trendy tropical style. It is ideal for bright sunlight.
- **MAL02** Lovely skin tones and blue turquoise.
- **MAL03** Makes look like a "whitened" photo with slightly less saturated blues.
- **MAL04** Natural tones of skin and blues.
- **MAL05** gives great tanning, enhances detail Saves highlights, and decolorizes greens.
- **MAL06** A warm tropical filter.
- **MAL07** This is one of our top filters for pictures of sunsets that are a lifestyle. Enhances dynamic range significantly and also saves highlights.
- **MAL08** Another really great filter to use for photos of sunsets.
- **MAL09** This filter was created specifically for drone photos. It adds lots of exposure because drone images are typically under-exposed in order to preserve more detail in whites. For instance, splashes of water.
- **MAL10** This filter allows you to achieve a similar style to GoPro images.
