Film Burns Package (VH 54306112) - AE Project:

The Film Burns Package adds a true cinematic touch to video projects with authentic Super 8 film scans. It offers both perforated and non-perforated versions of transitions for a vintage or modern look, optimized for various aspect ratios like 16:9 and 9:16. This package is easy to use and fully customizable, ideal for creating unique, organic film effects for diverse video types.

- transitions
- film burns, and grain footage
- compatibility with multiple aspect ratios,
- plugins required.

Package information

Published on September 13, 2024, the After Effects project files and video files are compatible with After Effects CC, offering a range of creative assets for your projects.
