**SmileMoji – Emoji Face Rig - AE Project VH-44577116:** Emojis can be brought to life as never before! Introducing SmileMoji, the After Effects Emoji Maker Tool!

With an extensive library of face characters and animations, SmileMoji can help you make engaging and enjoyable content in a matter of minutes.

### 50+ Emoji Characters & Animations!

SmileMoji is packed with 50 professionally created characters! You can design your animations using SmileMoji's Face Animation Suite, but we've also included 50+ facial animations to make life easier! Just apply them to any person in one click!

### Auto Lip-Sync Mouth & Face Expressions

You can easily use the facial Emoji to sync your lips using your voice! The face rig does it automatically by analyzing the level of your voice and then synchronizing your lips to it! You can tweak this by using a provided lip synchronization alphabet!

### Create Unique Expressions!

With simple sliders, you can blend more than 50 facial expressions. This lets you create the emotion you desire with millions of possibilities!

### Face Design Studio

In SmileMoji's Face Design Studio, you can create your custom Emojis with endless variations, like hair colors, colors, eyes, beards, mustaches, and much more!

### Do you want to make sure you match your Emoji to your style?

In SmileMoji's Face Design Studio, you can create your emojis using myriad options, including colors, eye styles, hairstyles, beards, mustaches, accessories, and more!

You can also add personality to your emojis with our face animation software, where you can mix over 50 distinct mouth and face expressions with simple sliders to produce any emotion you like.

### The greatest part?

SmileMoji can auto-lip-sync the expressions of your face and mouth to your voice and make your emojis appear like they're speaking precisely as you!

- Over 50 Pre-Made Emoji Characters are included!
- Over 50 animations by professionals
- Over 50 facial expressions that you can effortlessly combine to create any emotion!
- 400+ Head Designs Features to create your emojis and face designs!
- It works when used with After Effects CC2023 and more current versions.
