- No plugins are required. **is compatible with Adobe Premiere Pro, Final Cut Pro X DaVinci Resolve Sony Vegas Pro, and more!**

This pack aims to offer you a special small piece of. It's trippy, glitchy, colourful cyber transitions. They're unique - just as we and you are and will make your work stand out from the rest of the grey and boring crowd. Make them intercuts, like transitions, even as overlays!

Clean and GLITCHY

In the event that your idea is crazy and the normal change is too abrupt, there's an option that is glitchy in the application. The full-throttle to epileptic seizures!

COLORFUL TO MAX

They are as vibrant as Fcuk! If you require an effect that is a certain color, change the hue and the intensities within your editing software to achieve the most consistent editing.

SFX Included

Every Cyber Transition has a unique and distinctive sound design, so you don't need to search for SFX in untrustworthy libraries. The sound is embedded into the file; you don't have to consider it.

DO ANYTHING

It is possible to use Cyber Transitions throughout the day and in any manner. You should try them in the form of transitions.. as part of your tour's visual project.. as overlays in music videos.. or put them up on the wall in your dispensary for opium.

IPAD Version

The packs are now available in its iPad version. It includes HD files that have been converted into HEVC MOVs. This
