**Lostleblanc – AIR Collection – Desktop Presets:** It is time to take ahold of your pictures edits together with the AIR Collection (12 Presets for Desktop).

All these Lightroom preset are extensively analyzed across 100's of photographs and also have been bought and perfected within the last 8 months to Professionally color more or less any photograph you throw it.

You will find Currently 5 sets accessible (Fire, Water, Earth, Air, and also That the Master Collection) and every collection can be found at a cell OR Desktop variant.

Every set is designed For a particular use but frequently will work at any sort of picture.

- The Water Set is focused on blues and can be designed For tropical and tropical centered pictures.
- The Fire Series Is the Best set for the warm Pictures but it's also made to shoot colder photographs and provide them that gold Hour or cotton candies sunset seem.
- The Earth Collection is the move to package for jungles to mountains. Determined by neutral tones and lush greens, this flexible set Will offer your photographs a professionally rated appearance.
- The Air Collection is specially designed for drone graphics along with Will require your landscape vision to fresh heights. These powerful colors and curves Will create your landscapes to stick out from the remainder of the Even the Air presets are a Stronger color grade since they're made for the exact horizontal DJI RAW profile.
- Last, the Master 4 Components Collection comprises ALL of The preset collections to be certain you're all set to edit nearly any fashion Of the picture you require.
