Christian Mate Grab – Midjourney AI LR Presets: Increase your creative possibilities to transform Midjourney and Stable Diffusion photos into breathtaking artworks with the help of my Lightroom Presets for Midjourney AI. This pack contains five Lightroom Presets specifically created to enhance your AI-generated pictures and give them a natural film style with gentle Grain, soft color, and a cinematic feel within a couple of clicks.

If you're an experienced artist or are just beginning your journey using AI image creation, The presets below will assist you in creating an elegant, realistic, and refined style with little effort. They're perfect for adding a distinctive touch to your photos, making them appear more appealing on any portfolio or social media.

- 5. XMP The Lightroom presets (Works in conjunction with Lightroom Desktop & Mobile)
- Cinematic colors and Grain from the Film Grain
- Work with ordinary mid-journey resolutions or with up-scaled images
