**Portrait Pizzaz: Vellum Texture Overlays:** Utilize "Vellum" texture overlays to transform your photos into gorgeous, artful photos.

Nothing can alter images as profoundly as texture overlays. The set comes with 20 textures with tiff files with high resolution and 300 dpi.

I made Vellum Textures. Vellum Textures impart a transparent effect that resembles Vellum overlays on paper. These overlays can be applied in various blend modes in Photoshop or Elements for endless possibilities!

They work in any edition that you have installed of Photoshop or Elements. Check out the tutorial videos on utilizing Texture Overlays at the links below.

They are instantly downloadable and can be unzipped with Winzip.
