Resume – Portfolio - AE Project VH-44273719: If you want to present your CV (Resume) with chic and contemporary animated videos, this template is perfect. The template is comprised of seven different slides and is simple to use. It is easy to alter all the settings with Adobe After Effects. It's straightforward to modify the text and colors used and the images. You can also remove or add slides that you don't would like. You can easily regulate the time slides remain displayed on your screen. A detailed tutorial video is now part of the project's content.

- 7 Unique Slides
- All colors and texts can be easily modified (FULL CONTROL)
- Easy to modify the Skills degree
- You can set the duration and control the time. You can have each slide appear on the screen for a longer time.
- Supported by CC2014 and later versions of Adobe After Effects
- Complete Adobe After Effects project file
- No extra plugin required
- Tutorial Video Included
- (!) Images included for the Portfolio section aren't included in the project's content. Names of creators are printed on the photos.
- Use Free fonts (link included)
