StudioLinkedVST VIP Combinator:

VIP is a Combinator refill designed for Propellerhead Reason users, delivering a comprehensive set of instruments to elevate your beats and dominate the club scene. Inspired by the production styles of Lil Jon and Nicki Minaj, this refill features exceptional leads, basslines, and more. While it may not include all the instrument features found in the Kontakt versions, it serves as an excellent alternative for those who do not use Kontakt.

Key Features:

- Over 80 Instruments
- Leads
- Pads
- Plucks
- Bass
- 808

Format Requirements:

- Reason 3.0 or higher (Required)
