Unity asset - People Path Creator v1.0:

Introducing the People Path Creator - your go-to tool for swiftly generating diverse groups of people within your 3D city models.

Key Functions:

- Walking People:** Effortlessly generate numerous tracks featuring individuals walking or running in various directions.
- Talking People:** Create groups ranging from one to three individuals engaged in conversation.
- Audience:** Populate your scenes with groups of spectators and fans, ideal for events like sports matches, concerts, and rallies.

This versatile asset is invaluable across multiple sectors. Whether you're in construction, crafting 3D presentations of buildings and streets, or developing computer games, the People Path Creator streamlines the process of adding dynamic human elements to your projects.
