

### Blender Market – Grid Modeler v1.30

2025-02-10 17:06:28    [label](#)    [我要反馈](#)    [下载页面](#)

**Blender Market – Grid Modeler v1.30:** Grid Modeler is a handy tool for creating 3D models quickly.

Grid Modeler allows you to Boolean cut by drawing or building meshes that are layered on top of one another. It's a revolutionary Blender modeling workflow that has been tested and is highly effective.

### Gfx plugin details of Blender Market – Grid Modeler v1.30

The product is in the **category from Blender Market**, for more information about this post you can click on the home page link in the sidebar.

- Flexible Shape functions
- Advanced Grid System
- Construction Lines
- Create Pipes

#### New Changes:

- Since Blender 3.5.0, the use of OpenGL has been deprecated and shows a warning about it. This update switches to Blender's new GPU function. (However, the function has a problem with line smoothing)
- Added support for Blender 3.4.0 and above (there are some hidden API changes in 3.4 GPU API)
- Added support for Blender 3.2.0. (there are some changes in the key-input event handling in Blender 3.2)
- Fixed a bug for Alt + N (mirror all shapes horizontally)
- Now you can delete the selected shape by Mac book's delete key! (works for backspace key)
