

Stop Motion Plasticine Shape Elements for After Effects (Videohive 53578136) - AE Project

2025-02-10 16:50:18 label 我要反馈 下载页面

Stop Motion Plasticine Shape Elements for AE VH-53578136:

Stop Motion Plasticine Shape Elements is an After Effects template featuring hand-drawn plasticine elements that bring a delightful stop-motion look to your projects.

These animations offer fluid and attractive transitions with a playful, colorful texture.

Designed with color controls for easy customization, the template is ideal for children's content, artistic projects, educational videos, and creative presentations.

It enhances your visuals with a distinctive and captivating stop-motion effect and is available in 4K resolution, compatible with After Effects 2021 and above.
