Setting up is the Unsung Hero of Character Computer Animation, as well as this course is designed to teach you how to gear practically ANYTHING in After Effects.

### End Up Being a Character Rigging Master

if you're working in a 2D or 3D computer animation software program, terrific personality animation also takes something else: a sturdy gear. Rigging Academy is created to show you just how to rig nearly ANYTHING in After Effects. In this course, you'll discover core rigging concepts that can be applied to humans, animals, aliens, robots, cartoon personalities, and almost any other sort of creature you can invent. Once you know the fundamentals you'll be ready to handle setting up characters of all forms, dimensions, and styles. You'll be well prepared to tackle one of the toughest characters to rig and also have the skills to repair technical issues that might turn up along the road.
