3D Hand Scan – Intro - AE Project VH-38536618: These hi-tech elements are designed completely within After Effects (Except 3D models). You can therefore take any of the elements and change the fonts, texts, or effects, and put them as your own HUD. You can also customize certain elements in any way you'd like. Think of a different method of utilizing all of these components.

- All elements are created with Vector elements (except 3D models). This means that you can modify the sizes of your elements to your preference without sacrificing the quality.
- Each element has the ability to change colors. This means you can change the colors with ease on one screen.
- Simple modification.
- 1920x1080; 29.97fps.
- After Effects CC2020 and above.
- Help PDF document included.
- No plugins required.
