LUTs Manager: Preview LUTs In Real-time Tool:

LUTs Manager is a powerful tool designed to streamline color grading for professionals and enthusiasts alike. It offers real-time bulk previews, allowing users to quickly explore and apply LUTs (Look-Up Tables) across multiple editing platforms.

- **Organizational Tools:** Organize your LUTs with customizable folders, intelligent search, sorting, and tagging for easy access.
- **Favorites System:** Tag and filter your favorite LUTs for fast retrieval.
- **Cross-Platform Compatibility:** Fully compatible with Windows, Mac, and major editing software such as Premiere Pro, After Effects, and DaVinci Resolve.
- **Batch Processing:** Effortlessly apply LUTs to large batches of images or video clips.
- **Optimized Performance:** Lightweight with automated memory management for smooth operation.
- **Comprehensive LUT Library:** Includes 500 high-quality LUTs spanning 85 categories, from cinematic to fashion, food, horror, and wedding styles.
- **Responsive Design:** A fully resizable UI that adapts to any workspace for a better user experience.
- **Customizable Workflows:** Tailor the tool to your specific needs to optimize your color grading workflow.
- **Integrated Preview:** View LUTs in real-time for accurate adjustments.
- **CEP Extension:** Integration with Premiere Pro and After Effects for a seamless experience.
- **Standalone Version:** It also works with other major editing platforms for ultimate flexibility.

With its extensive library and user-friendly features, LUTs Manager is an indispensable tool for anyone involved in video or image color grading.
