RoboScreens (Videohive 9329043) - AE Project

2025-02-10 16:50:18   label 我要反馈   下载页面

This is the perfect project to use your videos or images with eight placeholders. This project can be used for any reason. The project comes with prerendered animations in motion format.

It is easy to alter the background color as well as text and others.

No plugins are required.

Sound FXs are available.

There are two versions of this project:

VH_RoboScreens.aep - with prerendered OpticalFlares VH_RoboScreens+OF.aep - with OpticalFlares plugin, if you have this plugin installed.
