System 6 Samples Tech House One Shots Vol 1 (WAV): Introducing Tech House One Shots Vol.1 from System 6 Samples—a source of pride in delivering cutting-edge sounds! This collection presents a straightforward concept of eight full kits, designed to establish a robust foundation for your tech house productions and streamline the creative process. Crafted with precision, this pack provides inspiring and versatile one-shot sounds, promoting a dynamic and unique approach to music production.

The individuality of your tracks is guaranteed, as no two creations from this pack will be the same. Offering a curated selection of high-quality sounds in a one-shot format, musicians can effortlessly load these into their preferred synths and samplers, diving into the excitement of generating fresh and captivating ideas.

Tailored for producers of all levels, from novices to seasoned professionals, this series stands out due to its flexibility and an abundance of one-shots and multi-samples. Stay tuned for regular releases of new packs that promise to elevate your music production experience!

Each kit within the collection features a diverse array of one-shots, ranging from tight and punchy kicks to layered claps, crispy hats, tonal percussion, sizzling effects, and moody synth stabs. Additionally, every kit includes multi-sampled bass sounds—13 samples per kit in total, spanning from C2 to C3—crafted using a combination of analogue and digital hardware. With no BPM restrictions, this product caters to various house styles, from deep and jacking to bass house and beyond.

Expect a total of 178 MB of state-of-the-art 24-bit WAV one-shot samples, comprising 167 drum/FX/synth and 104 bass one-shots. These samples are meticulously created and processed using a combination of analogue and digital methods, including running kicks and claps through a DBX 160X for serious punch and analogue ambience. Furthermore, a variety of UAD plugins, including 1176, contribute to achieving a rich and defined sound.
