This file, created on May 28, 2021, is compatible with Adobe Photoshop, After Effects, and Final Cut Pro, with a file size of 5.82 MB.

What is Retro Film LUT Presets Photoshop by TONE SUPPLIES?

Retro Film LUT Presets Photoshop by TONE SUPPLIES are a collection of preset filters designed to mimic the look and feel of vintage film photography. LUT stands for Look-Up Table, which is essentially a set of instructions used to map one color space to another. In this case, the presets provide a quick and easy way to apply retro film aesthetics to digital photos within Adobe Photoshop.

These presets are likely crafted to replicate the characteristics of specific types of analog film, such as graininess, color saturation, contrast, and overall tone. They can be applied to digital images to achieve a nostalgic or vintage vibe reminiscent of classic film photography styles.
