Unreal Engine - Characters Mage - Male Elf - Fantasy Elves Collection v5.0: Introducing the Fantasy Elf Pack, a dynamic addition to your fantasy asset collection, offering a rich assortment of elven characters, attire, and hairstyles.

Whether you're crafting an epic adventure or a mystical narrative, the Fantasy Elf Pack provides the tools you need to bring your elven characters to life in stunning detail and unparalleled realism.

- Unique Elven Head: Immerse yourself in the world of elves with a meticulously crafted head design.
- Comprehensive Rigging Support: Enjoy seamless integration with a full 52-Blend Shape Live Link support and UE4 Skeleton Rigged compatibility, including Retargeting UE5 Assets.
- Customized Animation Support: Experience smooth movement with a custom Ragdoll system tailored specifically for elven characters.
- Mage Outfit Options: Choose from a mage outfit and modular variations for enhanced customization.
- Layered Albedo Control: Access 10 masked layers for complete control over the character's color scheme.
- Elven Body Design: Explore the intricacies of elven physiology with a detailed body model.
- Versatile Hairstyles: Select from three unique hair types – short, medium, and long – to suit your character's personality.
- Dynamic Blueprint Randomization: Utilize the Master Component with basic AI functionality, compatible with any AI pack for enhanced versatility.
- Advanced Shader Systems: Elevate visual fidelity with advanced shaders for hair, eyes, and skin, ensuring realistic rendering and immersive visuals.
