Infographics - World Map - AE Project VH-50280926: Explore 20 pre-designed compositions ready for use in your projects. Effortlessly upscale them to 8k resolution without any loss of quality. Each composition allows background switching, providing flexibility to suit your creative vision.

These compositions are designed with a responsive layout, accommodating any required duration. Compatible with After Effects CC2023 and above, the package ensures universal accessibility with support for all After Effects languages through Universal Expressions. Customization is a breeze, thanks to an easy-to-use interface. The package includes free fonts with a provided link. The project is well-organized for a seamless editing experience.

An HTML preview page is included for a quick overview of the compositions. Additionally, compositions are saved separately for users with lower-performing PCs, ensuring accessibility for a wide range of devices. To assist you in navigating the features, a video tutorial with voice guidance is included. Elevate your projects effortlessly with these versatile and user-friendly compositions.
