Sweet Nora Photography Presents the Wild Soul Preset Collection!

From black and moody vibes and warm, classic tones to crisp and cool blues, this selection of over 45 presets includes a little bit of everything!

All these presets function best when implemented in organic light. Whether you take high-key glowing or deep shadow dim, these presets will meet your fantasies. Just tweak as necessary to attain the ideal light and thickness. They work well on the outside golden light!

What is WildSoulPresets – THE WILD SOUL COLLECTION?

WildSoulPresets - The Wild Soul Collection is a collection of pre-defined settings and adjustments created for use in Adobe Lightroom, a popular photo editing software. These presets are designed to enhance and stylize photographs with a particular focus on capturing the essence of a wild, natural, or adventurous spirit in the images.

WildSoulPresets - The Wild Soul Collection is a valuable resource for photographers who want to evoke the untamed beauty of nature, outdoor adventures, and exploration in their images. By applying these presets, photographers can achieve a consistent and visually engaging style that aligns with the themes of wilderness and the natural world.

To use WildSoulPresets - The Wild Soul Collection, you would import the preset files into Adobe Lightroom, select the photo you want to edit, and apply the desired preset from the collection. After applying the preset, you can further fine-tune the settings to match your specific preferences or the requirements of the image before exporting the edited photograph.
