Graphics Pack for Premiere Pro (VH 30120633) - PR Project:

Graphics Pack for Premiere Pro is a comprehensive graphics package designed for video editing, compatible with Premiere Pro CC 2021 and above. It offers over 2,250 ready-to-use graphic elements and 600 sound effects, supporting resolutions up to 4K. The package includes a free Handy Extension, requires no additional plugins, and features a link to a free font. It also comes with an HTML library, is suitable for all languages, and includes links to video tutorials for easy setup and use. With fast rendering capabilities and color control options, this resource is ideal for creating social media ads and video covers, although videos and photos are not included. An After Effects version is also available.
