Movavi Slideshow Maker 2025 v25.0.0 (Win):

The Slideshow Video Maker by Movavi is an intuitive tool designed for creating stunning slideshows effortlessly. It offers built-in templates, dozens of effects, transitions, titles, and music tracks for customization. Key features include mouse-over effect previews, cinematic overlays, a revamped timeline for faster editing, precise video-cutting tools, professional-grade color correction, and customizable blending modes for overlay effects.

"Movavi Slideshow Maker" Sample:

With a streamlined 3-step process—selecting the wizard, adding media files, and applying templates—users can create personalized slideshows for preserving memories, celebrating milestones, or promoting brands. The app is perfect for beginners and professionals alike, offering seamless sharing to platforms like YouTube and Google Drive.
