Compatible with Adobe Photoshop and in any Language

The ActionScripts tested and are compatible using Adobe Photoshop **The CC2014 version, the CC2015, CC2017, CC2018, CC2019 the CC2020, and CC2021 versions** for the more popular languages. This Plugin is compatible with text as well as Illustrations, Paintings, and photos.

The code is made to be able to work with any image with any resolution and any depth. The final output can be displayed produced in RGB Mode 8-bit regardless of the format used, to begin with: keep in mind that you are able to change back your settings after ActionScript is completed.

If the photo you are using is smaller than 2500 pixels it will be reduced in size to allow the Filters or Pattern Deco Scripts to work effectively and give you the best results.

The scripts differ based on the beginning photo and the Document ratio. However, the final result is always consistent and the effect of the painting is always appropriate to the photo.
