Unity Asset - Zombie Animations Set v1.0: Introducing a comprehensive collection of Zombie Animations designed to bring undead creatures to life in your Unity game projects. This asset pack features various animations, including paired attacks/grabs, complete locomotion with variations, crawls, hit reactions, death animations, and more.

With 99 animations and 22 in-place variations, this pack offers a wide range of motions to suit various gameplay scenarios. From menacing attacks to eerie crawls and realistic hit reactions, these animations add depth and authenticity to your zombie characters.
Compatible with Unity's render pipelines, including the Built-in Render Pipeline, Universal Render Pipeline (URP), and High Definition Render Pipeline (HDRP), this asset pack ensures seamless integration into your project environment.

Please note that while this pack provides a rich assortment of animations, it does not include gameplay blueprints or character models featured in promotional materials.
