**How to change the background of images using layers in Photoshop?**

You can use "Glitter Effect Photoshop Action By Studio Retouch" to edit your images beautifully.

**Where can I download the product?**

After subscription, You can download it for free from here.

**Most important instruction:**

(1) Open Photoshop, and then open the image. Expand the area surrounding your photo for best results. Select your background image and then use the tools bar for cropping. Expand each side. Now you will need to resize your image. Crop tools can be used to resize an image. The top menu bar will display three blank W xH and Reso boxes. Enter H 2000px and W 2000px. Next, click the enter button.

(2) Open your image, and then create a new layer. Next, pick a brush and paint your image. Next, close "paint eye" and select "paint". Click the action play button.

(3) When you complete this action, you will receive two-stop messages. Follow these instructions to stop messages.

**What is A Glitter Effect Photoshop Action?**

A Glitter Effect Photoshop Action is a pre-recorded series of steps in Photoshop that automates the process of creating a glittery or sparkly effect on your photos or designs. Actions in Photoshop are used to record and replay a set of tasks, allowing users to apply complex effects with just a single click.

Keep in mind that the quality and appearance of the glitter effect will depend on the specific Photoshop action you choose. Different actions may produce different results, so feel free to experiment with various actions to find the one that suits your

creative vision.
