

Spectrasonics Bob Moog Tribute Library Update v2.0c (Win, Mac)

2025-02-10 17:09:28 [label](#) [我要反馈](#) [下载页面](#)

Spectrasonics Bob Moog Tribute Library Update v2.0c: The project was created by Eric Persing; the new v2.0 version of the Bob Moog Tribute library features over 1300 incredible sounds for Omnisphere composed by more than fifty of the world's best producers, synthesizers, and sound designers.

Gfx plugin details of Spectrasonics Bob Moog Tribute Library Update v2.0c

The product is in **SOUND EFFECTS category** , for more information about this post you can click on the home page link in the sidebar.

Creative Approach

The sound sources were created by utilizing highly innovative processing techniques using exotic equipment like uncommon Buchla Modulares, Jean Michel Jarre's EMS Synthi AKS, Hans Zimmer's enormous Modular Moog (including 1027 round-robin Moog drum samples!), and Eric Persing's unique **OMG-1**. With a variety of top artists and artists in the library, it is stylish and filled with exciting, cutting-edge sounds!

Benefits for the Bob Moog Foundation:

The entire proceeds from this library are used for funding the exciting initiatives that are part of the Bob Moog Foundation, including their "Dr. Bob's SoundSchool" student outreach program, The 'Moogseum' located which is located in Asheville, NC, and their efforts to preserve and make available Dr. Moog's rich and historical archives. The Foundation recognizes the legacy of the pioneering synthesizer Bob Moog through its mission to ignite creative thinking through the interplay of music, history, and science.
