Online Event Promo (Videohive 29932450) - AE Project

2025-02-10 16:59:42　　label 我要反馈　　下载页面

Online Event Promo: Create an Internet event Promo, traveling promo, or movie invitation employing this After Effects template. Publish the movie on your YouTube station, your social websites, or a site.

The layout is based on The windows that show the material loading, opening, and closing like the normal Microsoft and Google interface. Here the audiences see the participants Speakers, and also the information regarding the event. The bright colors we use make Your articles eye-catching and lively: muted crimson, purple, green. The Undertaking Is quite simple to use. Simply add your media files, edit the text, then change color And that is it.

- Modular structure
- Color Control
- 4K and Complete HD
- Quick render
- 100 % After Effects
- After consequences CC18 and over
- No plugins needed
- Pictures aren't comprised
