

GEO – Travel & Booking Promo Trip Package (Videohive 19781110) - AE Project

2025-02-10 16:58:56 label 我要反馈 下载页面

GEO – Travel & Booking Promo Trip Package VH-19781110: Geo offers a sophisticated Travel & Booking Promo Trip Package that functions as a dazzling 30 seconds commercial video display. Created for travel agencies and online booking sites as well as hotels and resorts looking to advertise special offers an elite company that offers integrated hospitality and tourism solutions.

GEO is created to promote your business It can be used as a TV advertisement and will allow you to draw attention to your special offers, and commercial offers (Unlimited or Limited-time offers)

The overall animation is vibrant and communicates an unambiguous message to your viewers. This sleek design and professional approach to marketing should work as an effective visual boost for your next campaign of communication.

GEO is a great tool to create TV Ads, Websites, video SEO Campaigns Event, Hospitality Trade-show, and Events. GEO is arranged around the key issues of business and attempts to address these questions :

Where to Go (what's the destination ?) What's the duration (what's the total duration?) What is the number of (Of participants in the deal?) From where? (Airport and travel flight?). On-site Stay (Hotel Deal offers ?) How much will it cost you? (price shot)

The project is well-organized thanks to colored layers that are coded. Timeline elements are commented, and the project comes with a comprehensive video tutorial that makes it easy to transfer.
