Simple Box Titles – Responsive Design VH-43263535: Create a contemporary box for your title text with Davinci Resolve quickly and easily! This pack includes eight unique titles that are boxed.

Simple to edit due to the flexible design, enter your text on as many lines as you want, and other elements, such as lines or text boxes, will automatically be adjusted to fit your needs. The text's alignment (left center right) is adjustable in a single click.

The perfect tool for bloggers, YouTubers, or vloggers, these templates will make your YouTube or Instagram channel look more elegant and professional. Create striking lower third, large titles, smooth text animation, or a simple sign-up button on your YouTube videos.

It is available in free and studio versions.
