**Gumroad – Procreate Painting Brushes- Set of 10(Includes 12 Free Stamp Brushes) By MuzenikArt:** Have you ever had the experience of getting confused as to the best brushes to employ to make your workflow more efficient in Procreate? Do you want to create the most beautiful art you are capable of producing with whatever expertise you possess without worrying about what brushes to use to get the best result? These 10 brushes are precisely what you're looking for.

- The brushes are designed to make drawing in Procreate more enjoyable and efficient. They are also very satisfying to utilize.
- There are a variety of options available to sketch and outline every one will provide you with a distinct experience
- With the multi-purpose Pressure, sensible Details Brush you can make attractive sketches. the same brush is also utilized to add color and details to any sketch.
- Three Blending Brushes let you blend colors easily and effectively. Make use of the soft blending brush to achieve smooth blending. grainy for a grainy texture, and for a rough texture, you can use the rough blend brush
- Shade using the shading brush
- Included are 12 brush sets that make it enjoyable to make use of

**Learn about the brushes**

- Sketch: Great for creating sketches for drafts and daily practice
- Pen: Created to provide you with a pen on paper feeling
- Brush Pen: It feels like ink but with some texture. It's an ideal option for digital inking it can also be used to sketch as well.
- Pencil: Excellent for drawing bold and thin lines without changing size on the fly simply by applying pressure to control the flow.
- Information: A favorite! It's a versatile pressure-sensitive brush that provides you with total control and is able to draw sketches that are pleasing to the eye. The same brush can also be used to color and add details to any sketch.
- Rough Blending does exactly what the name suggests, mix your colors well, creating a rough texture ideal for those who like a rough texture
- Soft Blending is my absolute favorite! It makes blending significantly more effective simple and very effective
- Grainy Blending: Another favorite! Leaves a slightly grainy texture. It's my preferred brush to blend backgrounds.
- Shading: Shading made easy! Simply select and work on shading, and it will take care of the task without the need to choose the darker shade or switch blend modes
- Glowing Lines: This allows you to create a beautiful glow effect in just a few seconds
