Romantic Wedding Intro Slideshow VH-32713738: Romantic Wedding Intro Slideshow was a concept design project. Bohemian color grading and romantic typography are all part of this project. Smooth camera animations, multiple photo compositions, and stylish transitions from film to the video can all be combined in one project. This template is great for my wedding, memories, special events, birthdays, and Valentine's Day. Because it captures the atmosphere that is the current design trend around these topics. Hope you like it.
