Periodic Table By Mendeleev AE VH-44378522: Within this After Effects project, the periodic table of Mendeleev is shown, which includes the chemical elements 118, with their corresponding names, numbers, and atomic mass. This project allows users to modify and animate your periodic table, making it a perfect tool for scientific and educational presentations. With the user-friendly interface and 1 Control Layer, people can quickly make professional-looking animated videos that accurately show the periodic table and its components.

Gfx plugin details of Periodic Table By Mendeleev After Effects (Videohive 44378522) - AE Project
