Medieval Manuscript Creator Kit CM - 4674206: Medieval Manuscript Creator kit immerses you in the history of the medieval era. The mysterious writings of monks from the past or the intricate decrees of the kings with lavish lifestyles and queens. All of this can be accessed with the new set of 102 brushes designed for Procreate.

This huge set has everything you require to make beautiful old manuscripts that are atmospheric: various textures brushes to create beautiful letters, as well as numerous elements which could be utilized to embellish and embellish your letter writing. There are natural motifs and elegant ornaments, stylized flowers, and courtiers' secret signs.

With a few brushes, it is possible to make the watercolor effect, or denser illumination effect, or the look using tempera painting -- everything that old-fashioned artists used to create their drawings and letters.

The primary characteristic of medieval writing was the use of gilding. This highlights gorgeous curves of lines or the zany nature of letter stories.

To achieve this, gold paint, specially-designed brushes that have a stunning effect are used. To achieve this effect quickly, apply darker colors for the back.

Gothic writing was popular throughout the middle ages and was the basis of its distinctive style. If you want to feel like an authentic chronicler, you can use 8 brushes to create Gothic calligraphy that was specifically designed to mimic the old spelling. You can also write your own personal story. Every letter artist would like to stand out and continue to evolve over the years. To express your individuality, make use of strokes, patterns, and distinctive elements.

The effects and texture are perfect to give a realistic and atmospheric appearance.

This brush sets not just for medieval use but also for an old-fashioned or even magical effect.

How do you make use of this kit? A few suggestions that you can use: draw lettering in the typical style of folk.
