Eye-scratching visual effects have never hurt anyone; they're just the opposite! There's an opportunity to try this concept with a specific halftone effect on posters that were created to imitate the printing techniques used in the past prior to the advent of laser printers. The effect is applied to add a touch of pop art The effect includes **five color filters** with an aesthetically-designed palette. Apply the effect to posters, portfolio photos, Insta stories, or any other vertical image!
