

Photoserge – Sky Replacement Pro By Serge Ramelli

2025-02-10 16:59:42 label 我要反馈 下载页面

I've spent the last four years curating my top photos of the sky. The photos were all taken using 40MP resolution cameras, and are of the best quality that you can find. This package includes 14 instructional videos and 10, Photoshop sky brushes that allow you to conveniently and easily add your personal skies to any photo. 112 ultra-high Definition sky replacements as well as the entire source files that are referenced in the instructional videos so that you can follow along.

Download Sky within Photoshop along with Bridge

If you're a cloud member, there's an easy method to access your cloud

Install Sky inside Lightroom

It is crucial to have the sky properly set up in your Lightroom and also in your collections

How do I use Photoshop elements?

This is a viable option for Lightroom and Photoshop Elements can accomplish quite a bit

Notre Dame Golden Hour

Let's start with an amazing Photo of Notre Dame in Paris

New York Sunset

A beautiful photograph of the Empire State Building, I also show you how quickly I can determine the possibility of a sky that works

Daylight

We'll make a dull photo and make it more dramatic in black and white

Iceland Self Portrait

One of my most favorite Self Portrait from Iceland

Iceland Milkyway

The addition of the milky-way to an Iceberg Photo

Paris Day Light

In addition, there are some Daylight clouds at the Louvre Paris

stars in Dubai

A little piece of stars in the SKY

Clouds Brushes

I've created for you a few simple cloud brushes that add extremely cool clouds with just one click!

Moon Moon

We will create an impressive photo in Black and White with a new moon and Sky!
