Make the bridge between light and dark by using the AYRE. Modern, cool minimalist set that places emphasis on gorgeous skin tones. There are three preset variants and 2 preset modifiers and one unique profile. The variations offer complete freedom to ensure consistent tonality across a broad range of images. The preset modifiers offer an easy warming or cooling boost in hue while maintaining the saturation level. The Ayre profile enhances contrast using subtle vignette effects to add a sense of the mood as well as depth photos.
