**Blender Market - Bone Widget V1.9.0:** Improve your rigging workflow with Bone Widget, a Blender addon crafted to streamline the creation of custom bone shapes.

### Effortless Custom Bone Shapes

Creating and aligning custom bone shapes is now a breeze. Simply select the desired bone(s), choose a shape from the dropdown menu, and click "Create". A user-friendly menu will appear, allowing you to adjust the bone scale and alignment with ease.

### Expandable Shape Library Bone Widget

offers an extensive library of pre-made shapes, ready to enhance your rig. Additionally, you can seamlessly integrate your shapes into the library, offering unparalleled flexibility to cater to your specific needs.
